CHINTALA SWATHI

Java Developer | Entry-Level Software Engineer Candidate

chintala4swathi@gmail.com | +91-8464029493 | Vijayawada, Andhra Pradesh, India

LinkedIn | GitHub | LeetCode | HackerRank | Portfolio

PROFESSIONAL SUMMARY

Computer Science and Engineering student (CGPA 8.90) with hands-on experience from 2 internships and 5 self-built projects. Proficient in Core Java, OOP, SQL and MySQL, with working knowledge of Spring Boot, HTML, CSS and JavaScript. Built an AI-based deepfake detection system, an agriculture platform with an Ollama-powered chatbot, and a LAN monitoring application that won Second Prize at Skillthon. Active on LeetCode and HackerRank for problem solving. Seeking an entry-level Java Developer / Software Engineer role to build reliable, practical applications.

TECHNICAL SKILLS

Languages: Java, Python, SQL

Web Technologies: HTML, CSS, JavaScript

Frameworks & Backend: Spring Boot, JDBC, Socket Programming

Databases: MySQL

Core Concepts: OOP, Data Structures, Software Testing, Debugging

Tools: Git, GitHub, Eclipse, VS Code

INTERNSHIP EXPERIENCE

Chatbot Development Intern — Infosys

- Contributed to chatbot development and supported conversational feature development.
- Analysed user queries and chatbot response flow to improve the interaction process.
- Gained practical exposure to application development, debugging and problem-solving through assigned tasks.

Testing Engineer Intern — LazyIntern *22 Dec 2025 – 31 Jan 2026*

- Performed manual testing of application features against expected requirements.
- Prepared and executed test scenarios to verify functionality and identify unexpected behaviour.
- Identified, documented and reported defects; practised functional testing and basic QA activities.

PROJECTS

DeepShield – AI-Based Deepfake Detection System | *Java · Python · TensorFlow · MySQL · HTML/CSS/JS*

- Building an AI-based system to detect manipulated images, audio and video content.
- Exploring deep learning and CNN-based techniques for real vs. fake media classification.
- Designed to present detection results with confidence-based reports so users can understand predictions.

FarmVerse Nexus – Intelligent Farm Operations Platform | *Java · Spring Boot · MySQL · Ollama*

- Developing an agriculture platform that supports farm operations and provides information to farmers.
- Built a chatbot answering queries on crops, soil, irrigation and farming practices.
- Integrated the Spring Boot backend with MySQL farmer/crop data and Ollama-based chatbot responses.

LAN Dashboard – Network Monitoring Application | *Java · Swing · Socket Programming*

- Developed a Java desktop application to monitor devices and communication within a local area network.
- Used socket programming for network communication and data exchange between connected systems.
- Awarded Second Prize at Skillthon.

Online Exam Portal – Web-Based Examination System | *Java · Spring Boot · MySQL · HTML/CSS/JS*

- Built a web-based examination application with registration, login and exam workflows.
- Implemented question display and answer submission, with backend and MySQL storage for application data.

Family Website – Responsive Web Application | *HTML · CSS · JavaScript*

- Created a responsive, multi-page website with clean layout and navigation, styled with CSS and made interactive with JavaScript.

EDUCATION

B.Tech – Computer Science & Engineering — Amrita Sai Institute of Science & Technology, Paritala
CGPA: 8.90 / 10.0

Intermediate (MPC) — Sri Akshara Junior College, Kanchikacherla
Percentage: 94%

10th Class — ZPHS (Zilla Parishad High School)
Percentage: 98.2%

ACHIEVEMENTS

- Second Prize at Skillthon for the LAN Dashboard project.
- Received a prize for being an active student in class.
- Participated in technical events and received participation certificates.
- Completed 2 internships (Infosys – Chatbot Development; LazyIntern – Software Testing).
- Academic performance: 8.90 CGPA in B.Tech CSE and 94% in Intermediate (MPC).

CERTIFICATIONS

- Oracle Java Foundations Badge
- HackerRank – Java (Basic)
- HackerRank – Problem Solving (Basic)
- Java Programming Fundamentals (2026)
- Programming Using Java (2026)
- Java for Beginners (2025)
- Basics in Python – Infosys
- TCS iON Career Edge – Young Professional
- Mahindra Pride – Employability Skill Training
